APPLICATION FOR CUSTOM DUST CONTROL

NAME:		DATE:	
PHONE #:			
BILLING ADDRESS:			
LOCATION OF WORK:			
DESCRIPTION OF WORK:			

I, the undersigned, making application for the above custom work, state that I will be responsible for payment of said work, upon invoice from the municipality.

I understand that the application of dust control products may not be 100% effective.

I acknowledge that the cost of dust control product is \$300/ 100 metres for first application per calendar year and that subsequent applications (upon request) will be charged at \$300/100 metres in the same calendar year. Applications must be submitted to RM Office by May 31 each year.

I understand sites treated with dust control may become rough or may tend to develop potholes. If a road reaches a state where the condition of the driving surface poses a danger to the traveling public, the RM will grade the road which may render the dust control ineffective.

“The amount due with respect to any work or service performed by a municipality by agreement with any person is a lien against any land owned by the person for whom the work or service was performed.” *The Municipalities Act* Section 405(1) & (3)(a)(b)

At the end of a year in which work or services mentioned in subsection (1) were performed, the municipality may:
(a) Add to any arrears of taxes on land owned by a person in the municipality any amount with respect to such work or services performed for that person that remains unpaid at the end of the year; or
(b) Provide that the amount mentioned in clause (a) is to be added to, and thereby form part of, the taxes owed on the land.
